For further information or orders simply visit pentaxians-yearbook.com

Pentax is a Brand of Ricoh Company, Ltd.

Dear Pentaxians,

welcome to the third edition of the PENTAXIANS YEARBOOK. From now on we can say it is a series and no accident! We received more contributions than ever, of overwhelmingly high quality, both technically and artistically. This large number of contributions led us to the point where it's no longer possible to include all of them in the printed edition. Thankfully, the digital version suffers no such physical or cost limitation, so we have been able to include all contributions online. The digital version also benefits from far wider distribution than the print, with more than 15,000 downloads.

This year, we also celebrate 100 years of Asahi Optical Joint Stock Co. – the mother of our beloved camera brand. So Happy Birthday – this is our gift to you!

Thank you all for being part of it and for being such an awesome community of great photographers from all around the world.

Yours Béla and Stephen

**A big thank you goes to Wolfgang Baus
and the Ricoh Imaging Staff in Germany for their support.**

**We also want to thank Matthias Conrad
from Kasefilters Germany / Austria for the sponsorship.**

100 Years of history – representing a long tradition as a camera manufacturer, as well as many innovations in SLR technology along the way. PENTAX cameras represent both tradition and a passion for photography. By combining tradition and innovation, this characterises the objectives of PENTAX cameras staying true to the past whilst looking-towards the future ...

1919
Asahi Optical Joint Stock Co. was established

Since **1952**
Becoming the pioneer of single-lens-reflex cameras:
The Asahiflex K was launched.

1957
Became the pioneer of single-lens-reflex cameras:
The Asahiflex K was launched.

1964
The ASAHI PENTAX SP (spotmatic) was launched.

1969
The ASAHI PENTAX 6x7 medium format camera was launched.

1975
The K series SLR cameras using the K mount were launched.

1978
PENTAX launched the PENTAX 110 – the smallest SLR camera with changeable lenses.

1980
The PENTAX LX, a premium model designed for professional use, whilst commemorating the 60th anniversary of Asahi Optical's founding was launched.

1984
The PENTAX 645 professional 645 format SLR camera was launched.

2014
The PENTAX 645Z was launched with approx. 51.4 effective megapixel. A professional medium format digital SLR camera compatible with live-view monitoring.

1991
The "PENTAX Z-1" high-end SLR camera with AF in the Z series was launched.

1995
The PENTAX MZ-5, the world's smallest autofocus SLR camera was launched.

2000
PENTAX fully committed to entering the digital camera market. The PENTAX EI-2000/EI-200 was launched.

2010
The PENTAX 645D, the first PENTAX medium format digital SLR camera was launched.

2016
The PENTAX K-1 was released as the first 35mm full-frame digital SLR camera from PENTAX.

2019
November 27 marked the 100th anniversary since the foundation of Asahi Optical Joint Stock Co., the original manufacturer of PENTAX-branded products. Today this includes digital SLR cameras, interchangeable lenses and binoculars.

Kase Wolverine MAGNETIC Filters

The Landscape Photographers Choice

The Kase Wolverine Magnetic Circular Filters are made from the same tough, colour neutral pro glass as our square filters, so you can be assured of your image quality and still have peace of mind whatever the conditions. These filters are perfect for those that do not require a full square system setup, the advantage being that they are lighter and more compact, making them a great companion to have in your camera bag. The sets consist of stackable neutral density filters and a CPL, useful for both photographers and videographers, allowing you to both control reflections and control light.
