Dear Friends,

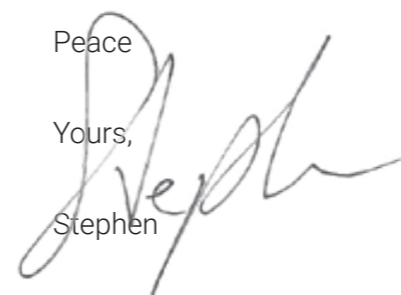

This is no empty phrase, over the years a wonderful community of enthusiasts has grown in OUR little corner of the world wide web. In which I, and likewise most of you, have found real friends. Despite all the language and border barriers, this has happened. I have been lucky enough to meet some of them in "real" life, which without exception has been a great experience. A real gift.

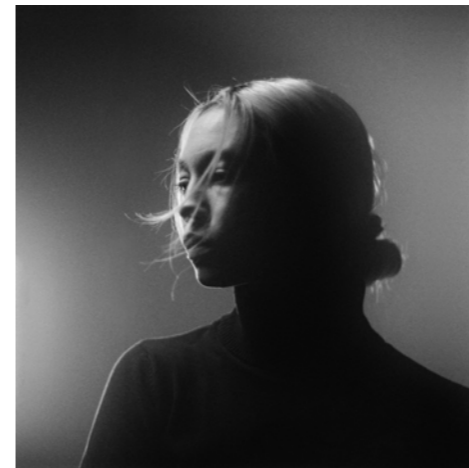

The Yearbook is a gift to our community and it comes from the bottom of the heart. This year in its fifth edition. Filled with your great work from all corners of the world, it is more than just a source of inspiration, it is a symbol of friendship and community without barriers and the love of photography.

Peace

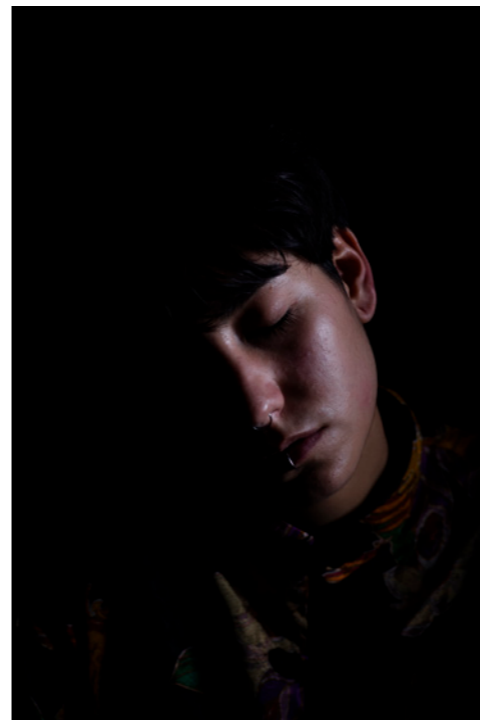

Yours,

Stephen
